Explore the project below to help pupils consider how they might create a collaborative sculpture inspired by the [Olympic Values](#) or [Ceremony](#).

Friendship Towers

Aim: To introduce pupils to the ethos of the Olympics and create a body of work in response. Pupils will get the opportunity to practise their making skills and will go on to create a collaborative sculptural piece based on the Olympic values.

Step 1: Introduce

Begin by introducing pupils to the Olympic and Paralympic ethos and the 3 values Friendship, Respect and Excellence with "[Talking Points: The Olympic Ethos](#)". Watch the videos and invite pupils to create "[Visual Notes](#)" in their sketchbooks inspired by what they see and hear. Prompt discussion using the questions.

Step 2: Make

Using the “[Prompt Cards for Making](#)” as inspiration, devise your own challenges for the children such as...

“Make something which represents friendship.”

“Make a team of things.”

Step 3: Continue Making and Sketchbooks

Decide whether you would like the friendship tower to celebrate the values through an exploration of nationalities, athleticism or the opening ceremony performance.

Use "[Drawing Source Material: Ceremonies and Celebrations](#)" to explore the performances, costumes and national teams in the Olympic ceremonies.

Or if your class is using athletics to celebrate the values then explore the videos in "[Drawing Source Material: Athletes in Action](#)".

Invite pupils to draw what they can see in their sketchbooks. See "[Show Me What You See](#)" to find out how to run the guided session.

Follow on by using the “[Friendship Tower](#)” resource, inspired by the work done so far.

Invite pupils to think about a position of their figures. Are the sculptures waving to the crowd? Performing a dance? Playing a sport together? Invite pupils to think about what the figures are wearing and how that reflects who they are and what they do.

Step 4: Reflect

[Use the resource here to help you run a class "crit" to finish the project.](#)

Invite children to display the work in a clear space on tables or on the wall. Recap with them about the exploration – where they started, what they discovered and what they enjoyed.

If you have class cameras or tablets, invite the children to document their work, working in pairs or teams.
