

AccessArt Session Recording: Screenprinting Hack

In this 30 minute session designed to give you a practical and hands-on introduction to an exercise or approach, Paula Briggs and the AccessArt team shows you how you can provide screen printing opportunities on a low budget.

This recording supports the pathway [Working With Shape and Colour](#) pathway in the [AccessArt Primary Art Curriculum](#). In this session you will find out how you can scale down screen printing to make it accessible and as manageable as possible for a classroom setting.
