

AccessArt Session Recording: Working With Shape and Colour Pathway

Find a recording of a zoom session where we take you through the Working with Shape and Colour pathway.

In this pathway children explore artwork from a particular artist, movement or era, using shape and colour to simplify elements, inspired by the Cut-outs of Henri Matisse. This pathways includes techniques such as collage, simple printmaking, and positive and negative shapes and spaces, to create meaningful compositions in response to the original artworks they looked at.

This recording supports the Working with Shape and Colour pathway in our Primary Art Curriculum.
