Japan: Making Sushi – Recycled Style!

Inspired by research into Japanese culture, children explored the potential and limitations of paper and recycled materials, learning through play and experimentation to make 3D forms. The outcomes of this process were used to inform work created in a second medium of clay, using kitchen equipment to shape the clay and add textures.

The Making of: Hand Coloured Photoshop Animation Frames

This post shares how one of the #BeACreativeProducer team members, Alex, developed his digital skills by working across iMovie and Photoshop to extract single frames from a movie,

hand colour them in Photoshop, and then import them back into iMovie to complete the animated scene.

We used the technique as a visual to an aural backdrop of the teenagers working collaboratively on their musical composition.
