

Marbling for Surface Design by Ruth Purdy

By [Ruth Purdy](#)

As a freelance artist providing sessions in the care sector I work with nontraditional audiences in non-traditional arts spaces. My practice relies on working with multiple disciplines and the reinvention of processes designed for accessibility.

The activity of marbling is simple, stunning and entertaining. It can engage everybody and the most inexperienced make positive contributions with ease.

Red to Green: Monoprinting

Monoprinting is an excellent way to access mark making and drawing but with a bit of 'distance' from the finished work. Results are always unexpected and the process itself very engaging, so any potential anxiety about what a finished drawing 'should' look like is taken away.
