

Drawing for Ages 3-11

At AccessArt, we believe that drawing underpins all other forms of creativity. Our aim is to feed the imagination and creativity of learners, widen their drawing experience and give them the confidence to follow their own creative instinct.

Below you will find a collection of drawing activities and projects aimed at children between the ages of 3-11. However the following resources are also adaptable across a variety of ages.

Drawing Pedagogy

[Develop your understanding of what drawing is and can be by exploring these resources.](#)
