

Drawing Source Material: Amazing Architectural Homes

A collection of imagery and sources which you can use to prompt drawing in schools and community groups.

Please note that this page contains links to external websites and has videos from external websites embedded. At the time of creating, AccessArt checked all links to ensure content is appropriate for teachers to access. However external websites and videos are updated and that is beyond our control.

Please [let us know](#) if you find a 404 link, or if you feel content is no longer appropriate.

We strongly recommend as part of good teaching practice that teachers watch all videos and visit all websites before sharing with a class. On occasion there may be elements of a video you would prefer not to show to your class and it is the teacher's responsibility to ensure content is appropriate. Many thanks.

Amazing Architectural Homes

Use this collection of films as source material for pupils exploring amazing architectural homes. In the first instance you might want to pause the

videos as suitable points to enable the children to carefully look at the main forms and details. Try to create a sense of momentum – for example you might pause the video 4 times and ask the pupils to make a 1 minute, 2 minute, 3 minute and 4 minute drawing at each pause.

Encourage close and slow looking by talking as they draw – use your voice to attract their attention to features of the building.

When pupils are more experienced, you can also try getting them to make their drawings as the videos play – making quick gestural sketches.
