

# Drawing Source Material: Ancient Greek Architecture

A collection of imagery and sources which you can use to prompt drawing in schools and community groups.

*Please note that this page contains links to external websites and has videos from external websites embedded. At the time of creating, AccessArt checked all links to ensure content is appropriate for teachers to access. However external websites and videos are updated and that is beyond our control.*

Please [let us know](#) if you find a 404 link, or if you feel content is no longer appropriate.

We strongly recommend as part of good teaching practice that teachers watch all videos and visit all websites before sharing with a class. On occasion there may be elements of a video you would prefer not to show to your class and it is the teacher's responsibility to ensure content is appropriate. Many thanks.

## Ancient Greek Architecture

Use the film below as source material to enable an exploration of drawing Ancient Greek architecture.

Pause the footage at points which catch your eye and invite the children to make timed drawings – 15 minutes, 10 minutes, 5 minutes, 2 minutes or 1 minute.

Vary the drawing materials you use and work in sketchbooks or sheets of paper of different sizes and textures. You may also like to make multiple line drawings over one page – each with a different colour or line weight, to describe different pause points in the same film.
