

Graphic Design

Welcome to AccessArt: Graphic Design

Graphic design is a form of visual communication used to help convey messages in bite-sized and eye-catching ways.

Graphic design can come in many forms, often as a combination of text and imagery. In the resources below, you'll find activities that help you explore graphic design with your learners, from typography to print.

Whoever you are and whichever audiences you work with, we hope you'll enjoy exploring the Graphic Design section of AccessArt.

Dip Your Toes Into Graphic Design

Explore these sample resources to help

introduce graphic design to your learners. All these resources can be adapted to all settings and all ages

Paint your corner shop
