

# Graphite

## Exploring Materials: **Graphite**

Graphite comes in two main forms – encased in wood as a pencil or in “chunkier” form as sticks...

Find resources on this page which help you understand how the softness of the graphite will change your mark making, and resources which will help you grow in confidence as you explore the material.

All resources can be adapted to all age groups from children through to adult.

## **INTRODUCTION TO GRAPHITE**

Artist Lance Richardson introduces graphite in all its forms.
