

Paint Your Corner Shop

By Tobi Meuwissen

In this resource for KS1 (ages 5-7) children can create a classroom grocery store by turning their 2D paintings into simple 3D sculptures. This resource celebrates the different cultures in the classroom through food, and is a fun way to create a class installation. The 3D jars and tins can also be stapled to a display board to create stacked shelves! Read on to explore painted jars and tins.
