Explore Painters...

Talking Points: Etel Adnan

In the late 1950s Adnan taught philosophy at the University of California and started to paint.

While these early works were largely abstract compositions, her main interest was in the immediate beauty of colour. Her earliest paintings were suggestive of landscapes and included forms that referenced specific places. – Serpentine

[Talking Points: Paul Nash](#)

'Paul Nash (11 May 1889 – 11 July 1946) was a British surrealist painter and war artist, as well as a photographer, writer and designer of applied art.

Nash was among the most important landscape artists of the first half of the twentieth century. He played a key role in the development of Modernism in English art.' – [Wiki](#)
