

Primary Art Curriculum: Additional Pathways

<< Back to the Main AccessArt Primary Art Curriculum Page <<

We have developed additional pathways to help you extend, develop or further personalise the AccessArt Primary Art Curriculum.

Within each additional pathway we suggest which original pathway you might like to replace it with.

Please note some of the pathways are more suitable for confident teachers who are happy with a higher level of interaction with the work, and more able or experienced pupils.

You may also like to use the activities in this pathway with a smaller group of children in an after school club or community context.
