

Rachel Parker

Rachel Parker

Rachel is a surface pattern designer living in Northamptonshire with her spoodle dog Louie. She graduated from Norwich University of the Arts with a First Class degree in Textiles in 2012 and has been making patterns ever since. She's created art for all sorts of products, from rugs to tables to coffee cups, but it's textiles where her heart truly lies. She loves to create designs that are bursting with colour and hopefully make you smile! She uses Adobe Photoshop to prepare her art for digital printing but most of her designs start life as drawings in her sketchbook, it's her happy place.
