

Repeat Pattern Printing Roller

By [Tobi Meuwissen](#)

Explore this making and printing activity aimed at EYFS and SEND groups. In this resource learners will be given the opportunity to design their own patterns using string, work on a 3D surface and use movement to create their prints. This activity encourages learners to develop their dexterity, fine motor skills, hand-eye coordination, colour mixing and also nurtures their curiosity. This resource requires cheap / recycled materials making it perfect for teaching on a budget.
