**What makes us special? We are passionate about what we do. We have just one charitable aim which is to further the advancement of visual arts education, and through our creative vision we are proud to help support the visual arts education of hundreds of thousands of individuals. Our approach is trusted also by many Universities who use our resources within arts teacher training contexts.**

**We offer schools access to the AccessArt Primary Art Curriculum, a rich, diverse, engaging and highly flexible curriculum. We also offer ongoing CPD to build teacher understanding and enjoyment, and you can also use our resources and approach to expand upon your own planning or scheme.**

**We are a self-supporting charity and our independence gives us strength of vision and autonomy. We also work with experts in the field who help support the considerable in-house expertise. We do not create resources for anyone else – instead we remain true to our vision, knowledge and experience. Explore our Core Values.**

In the summer of 2023 we invited users to complete a survey to feedback their experience of using our Primary Arts Curriculum in their school. See the report [here](#).
