

# Talking Points: Additional Pathways For The Primary Art Curriculum

FREE TO ACCESS

The resources below aim to encourage pupils aged 5-11 and teachers to explore and talk about different aspects of the visual arts.

They can be used alone as standalone activities (for example you might use them as class or sketchbook activities), or you might use them in conjunction with the additional pathways in our new Primary Art Curriculum.

Our collection of Talking Points is in development. Pls make sure you are registered on the site and via our facebook group to be notified of new resources.
