

The AccessArt Offer to Hospital Education and Hospices

AccessArt is designed to be used in a variety of settings and with all audiences. Many hospitals already use our resources within their education offer, and we are very keen to develop our work in this area.

Explore the benefits of being an [AccessArt member](#) and find out how we can help support art education in your setting.

As a [UK registered charity](#), many of our resources are free to access, whilst others are behind our

membership wall.

AccessArt is also a [Subject Association](#) for Art.

Explore resources you can use within a hospital education setting

Whatever your setting, AccessArt has thousands of ideas to help you provide adaptable, appropriate and creative activities for your audience.

Understand more about our [pedagogy](#). Explore our resources [by material](#), or [by discipline](#).

You might also like to explore our [flexible pathways](#) for primary-aged children.

Are you a hospital education provider using AccessArt?

We'd love to hear how you're using AccessArt in your setting.

We are looking to create a series of case studies about how hospital education providers are using and enjoying our resources. Please [get in touch](#) with us if you'd like to share!

Session recording: Drawing for wellbeing

are you working in a hospice?

AccessArt would like to offer all hospices (UK and Overseas) free lifetime membership of AccessArt.

Free Lifetime Membership for Hospices

We hope that by giving hospices free lifetime access more adults and children can benefit from the wellbeing experienced whilst undertaking creative activities.

To claim your free lifetime membership of AccessArt simply email andrea@accessart.org.uk. Please title your email subject header "hospice membership", and don't forget to include:

- Your name
- Your job title
- Your email address
- The name of the hospice
- Your country

explore CPD

AccessArt provides CPD to help support artist educators working in a variety of settings.
