

# Video Enabled Resources: Collage

[<< Discover video enabled resources exploring other disciplines<<](#)

Collage can be a really exciting method for testing out ideas before committing to final marks on a page. Collage is especially beneficial for those pupils who struggle with their confidence.

It is also a quick way to collate thoughts and ideas as well as create bold textural final pieces of work.

Explore our range of video enabled collage projects below.

Find all collage resources on AccessArt [here](#).

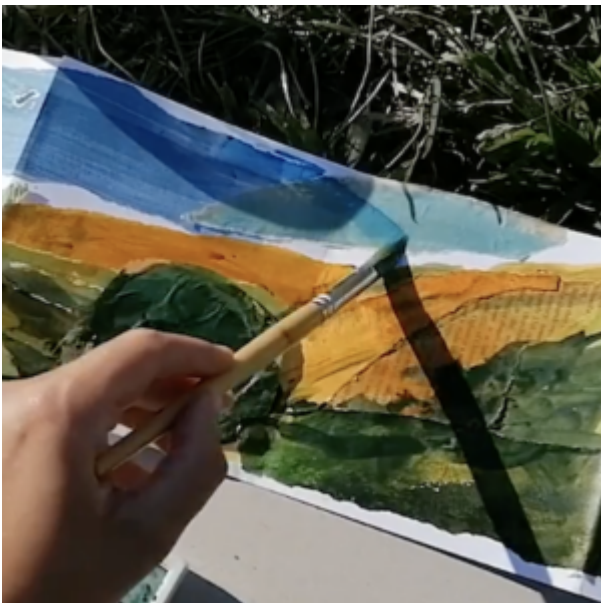

# Explore Collage Below

exciting colour

Take inspiration from Rachel and create your own exciting colour moodboard book.
